DESCRIPCIÓN DEL PRODUCTO

This book offers a cutting-edge guide to hysteroscopy and provides readers with the latest and most essential information on procedure techniques, clinical advances and international developments in practice and treatment of endometrial pathology. Providing comprehensive coverage, it explains in detail every aspect of hysteroscopy, from diagnostics to hysteroscopic surgery. As such, it addresses the bases of hysteroscopy; pre-, intra- and post-hysteroscopy medications; intracavitary pathologies; fertility issues; and surgical implications and complications. At the same time, it also explores challenging and controversial topics, such as hysteroscopy and ART, submucous myomas, and uterine malformations.

All topics are discussed by prominent experts in the field, and clearly organized and illustrated to help readers gain the most from each chapter. Accordingly, the book offers a valuable resource for all gynecologists working at hysteroscopy units, reproductive units, gynecological and oncological units, as well as a quick reference guide for all other physicians interested in the topic.

Índice de Hysteroscopy 1st edition

Part I Office Hysteroscopy

1 The Vaginoscopical Approach: 25 Years Later
2 How to Set Up a Hysteroscopic Unit
3 Anesthesia and Analgesia for Office-Based Uterine Procedures
4 In-Office Hysteroscopy
5 Is Antibiotic Prophylaxis Necessary for Hysteroscopy?
6 How to Overcome a Resistant Cervix for Hysteroscopy

Part II Uterine Malformations
7 What's New About Classification of Female Genital Anomalies?
8 Role of 3D Ultrasound in the Evaluation of Uterine Anomalies
9 Unicornuate Uterus: Is There a Place for Hysteroscopic Management?
10 Uterine Septum
11 Hysteroscopy in Complex Müllerian Anomalies

Part III Hysteroscopy and Menopause
12 Postmenstrual Bleeding
13 Pain Management In-Office Hysteroscopy in Postmenopausal Women
14 How Thick Is Too Thick? Endometrial Cut-Off in Postmenopausal Patients
15 Hysteroscopy or Curettage?

Part IV Hysteroscopy and Reproduction
16 The Role of Hysteroembryoscopy in the Management of Spontaneous and Repeated Pregnancy Loss
17 Hysteroscopy During Pregnancy
18 Cervical Ectopic Pregnancy: The Role of Hysteroscopy
19 Hysteroscopy and Retained Products of Conception
20 Hysteroscopic Embryo Transfer: HEED and SEED
21 Hysteroscopy in Patients with Repeated Implantation Failure
22 Outpatient Hysteroscopy in Recurrent Pregnancy Loss
23 Dysmorphic Uterus and Pregnancy Outcomes
24 Hysteroscopy Prior to In Vitro Fertilization
25 Hysteroscopy in Improving the Reproductive Outcomes of Infertile Couples
26 Refractory Endometrium and Hysteroscopy

Part V Hysteroscopy and Oncology
27 Endometrial Hyperplasia
28 Hysteroscopy Classification for Endometrial Cancer
29 Early Stages: Is There a Place for Hysteroscopic Treatment?
30 Tamoxifen: An Update

Part VI Hysteroscopy in Contraception
31 Hysteroscopy and Contraception: An Overview
32 Hysteroscopy in Contraception: Side Effects Review—Is There Really a Problem?

33 Managing Essure: Difficult Insertion and Removal

Part VII Submucous Myomas and Hysteroscopy
34 Physiology and Importance of the Myoma's Pseudocapsule
35 Limiting Factors of Office Hysteroscopic Myomectomy
36 Hysteroscopic Myomectomy Respecting the Pseudocapsule: The Cold Loop Hysteroscopic Myomectomy
37 Classification of Uterine Fibroids and Correlation with Surgical Outcome
38 Is the Distance Between Myoma and Serosa a Limiting Factor?

Part VIII Cesarean Scar Defect (CSD)
39 Why Some Women Develop Cesarean Scar Defect (CSD)?
40 Surgical Management of Cesarean Scar Defect in Restoring Fertility
41 Uterine Morbidity: Cesarean Section Scar Complications

Part IX Adenomyosis
42 Adenomyosis and Hysteroscopy: An Up-to-Date Review
43 Cystic Adenomyosis
44 Cystic Adenomyosis: Place of Hysteroscopic Approach
45 Hysteroscopic Findings in the Endometriosis Patient

Part X Endometrial Ablation
46 Endometrial Presurgical Preparation
47 Predictors of Endometrial Ablation Failure

Part XI Controversies in Hysteroscopy
48 Alternative Techniques for Office Myomectomy: What Are the Limits?
49 Medical Preparation and Treatment Prior to Hysteroscopy
50 Breaking the Limits on Office Hysteroscopy Myomectomy
51 Complications During Hysteroscopy
52 Medicolegal Issues on Hysteroscopy

Part XII Training in Hysteroscopy
53 What's the Role of the Hysterotrainers in the New Era?
54 Is There a Role for Hysteroscopic Endometrial Ablation in Modern Gynecology?
55 The Shaver Technique for Operative Hysteroscopy
56 Vaginal Lesions Diagnosed and Treated with Hysteroscopy

Part XIII Infections and Inflammations
57 Chronic Endometritis
58 TBC and Hysteroscopy
59 Management of Proximal Tubal Occlusion
60 Endometrial Osseous Metaplasia

Part XIV Asherman's Syndrome

61 Intrauterine Adhesions: Etiopathogenesis
62 Adhesions and Abortion
63 Hysteroscopic Treatment of Asherman Syndrome
64 Prevention of Adhesion Reformation After Hysteroscopic Surgery
65 Hysteroscopy and Stem Cell Therapy to Approach Refractory Asherman's Syndrome
