DESCRIPCIÓN DEL PRODUCTO

This book focuses on cosmetic genital surgery encompassing from basic through advanced techniques, discussing indications, contraindications, short- and long-term complications, and postoperative care of each surgical procedure.

Stemming from the 20-years practical experience of the author, this volume comprehends different techniques enriched by more than 400 original photos, detailed operational steps, and updated evidence-based literature. Both practitioners and professionals in gynecology, plastic surgery, dermatology and urology will benefit from the uniform and clear structure of this book and from the multiple choice questionnaire for self-assessment.
