DESCRIPCIÓN DEL PRODUCTO

This book offers a cutting-edge guide to hysteroscopy and provides readers with the latest and most essential information on procedure techniques, clinical advances and international developments in practice and treatment of endometrial pathology. Providing comprehensive coverage, it explains in detail every aspect of hysteroscopy, from diagnostics to hysteroscopic surgery. As such, it addresses the bases of hysteroscopy; pre-, intra- and post-hysteroscopy medications; intracavitary pathologies; fertility issues; and surgical implications and complications. At the same time, it also explores challenging and controversial topics, such as hysteroscopy and ART, submucous myomas, and uterine malformations.

All topics are discussed by prominent experts in the field, and clearly organized and illustrated to help readers gain the most from each chapter. Accordingly, the book offers a valuable resource for all gynecologists working at hysteroscopy units, reproductive units, gynecological and oncological units, as well as a quick reference guide for all other physicians interested in the topic.

Índice de Hysteroscopy 1st edition

Part I Office Hysteroscopy

- 31 Hysteroscopy and Contraception: An Overview
- 32 Hysteroscopy in Contraception: Side Effects Review—Is There Really a Problem?

33 Managing Essure: Difficult Insertion and Removal

Part VII Submucous Myomas and Hysteroscopy

34 Physiology and Importance of the Myoma's Pseudocapsule

35 Limiting Factors of Office Hysteroscopic Myomectomy

36 Hysteroscopic Myomectomy Respecting the Pseudocapsule: The Cold Loop Hysteroscopic Myomectomy

37 Classification of Uterine Fibroids and Correlation with Surgical Outcome

38 Is the Distance Between Myoma and Serosa a Limiting Factor?

Part VIII Cesarean Scar Defect (CSD)

39 Why Some Women Develop Cesarean Scar Defect (CSD)?

40 Surgical Management of Cesarean Scar Defect in Restoring Fertility

41 Uterine Morbidity: Cesarean Section Scar Complications

Part IX Adenomyosis

42 Adenomyosis and Hysteroscopy: An Up-to-Date Review

43 Cystic Adenomyosis

44 Cystic Adenomyosis: Place of Hysteroscopic Approach

45 Hysteroscopic Findings in the Endometriosis Patient

Part X Endometrial Ablation

46 Endometrial Presurgical Preparation

47 Predictors of Endometrial Ablation Failure

Part XI Controversies in Hysteroscopy

48 Alternative Techniques for Office Myomectomy: What Are the Limits?

49 Medical Preparation and Treatment Prior to Hysteroscopy

50 Breaking the Limits on Office Hysteroscopy Myomectomy

51 Complications During Hysteroscopy

52 Medicolegal Issues on Hysteroscopy

Part XII Training in Hysteroscopy

53 What's the Role of the Hysterotrainers in the New Era?

54 Is There a Role for Hysteroscopic Endometrial Ablation in Modern Gynecology?

55 The Shaver Technique for Operative Hysteroscopy

56 Vaginal Lesions Diagnosed and Treated with Hysteroscopy

Part XIII Infections and Inflammations

57 Chronic Endometritis

58 TBC and Hysteroscopy

59 Management of Proximal Tubal Occlusion

60 Endometrial Osseous Metaplasia

Part XIV Asherman's Syndrome

61 Intrauterine Adhesions: Etiopathogenesis

62 Adhesions and Abortion

63 Hysteroscopic Treatment of Asherman Syndrome

64 Prevention of Adhesion Reformation After Hysteroscopic Surgery

65 Hysteroscopy and Stem Cell Therapy to Approach Refractory Asherman's Syndrome
