DESCRIPCIÓN DEL PRODUCTO

This book provides the reader a fully descriptive approach of labia minora hypertrophy and clitoral hood elongation related to anatomical variants. The expert contributors present their reproducible and structured technique of Topographic Labiaplasty, that allows the surgeon to improve surgical results and avoid complications and poor aesthetic outcomes. It also enables surgeons to understand the huge anatomical variants related to labia minora hypertrophy and clitoral frenulum complex aiming a better result from the aesthetic and functional point of view.

The eighteen well written chapters include a brief historical research about the history of labiaplasty, classifications of labia minora hypertrophy, indications and contraindications for the surgery, anesthetic considerations, surgical instrumentation, reconstructive aspects, labiaplasty in teenagers and the sexological impact. The book also features surgical videos.

Topographic Labiaplasty - From Theory to Practice is addressed to consultants in gynecology, plastic surgery, urogynecology and those interested in female cosmetic genital surgery.

Puntos clave del libro Topographic Labiaplasty 1st edition.

- "Topographic Labiaplasty From Theory to Clinical Practice, 1st Edition" is a groundbreaking reference for plastic surgeons, gynecologists, and aesthetic medicine specialists focusing on female genital surgery.
- This book provides a comprehensive overview of labiaplasty techniques, emphasizing a topographic approach that enhances both aesthetic and functional outcomes while minimizing complications and ensuring patient satisfaction.
- "Topographic Labiaplasty" stands out for its detailed anatomical insights, step-by-step surgical protocols, high-quality clinical images, and expert guidance on patient evaluation, surgical planning, and post-operative care.
- A must-have resource for specialists aiming to refine their surgical techniques and deliver safe, effective, and natural-looking results in female genital aesthetic and reconstructive surgery.
